

DOOR BAR / RESTRICTOR (£3.50)

The solid Door Bar / Restrictor performs the same function as a door chain, but is much stronger and easier to use. It enables you to partially open your front door until you are satisfied as to the identity of the caller and prevents access by unwelcome visitors. It is ideal for wooden doors.

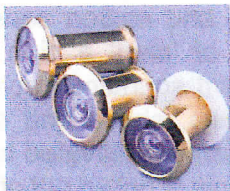

DOOR RESTRICTOR (£6)

Specifically designed for PVCu doors, this works like a door chain. It restricts and limits the door opening to prevent access by unwelcome visitors and allows you to satisfy yourself as to the identity of a caller. It can also be used on windows to provide secure ventilation whilst preventing unauthorised access. Available in two colours - white or brown.

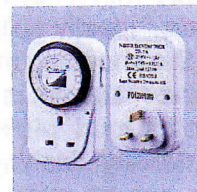

DOOR VIEWER (£2)

This allows you to visually identify callers, by 'peeping' through it, without the need to open the door. This model has a 200 degree angle of sight which is a lot wider than most others on the market. Available in brass to fit wooden doors 35mm to 54mm.

TIMER (£3.50)

We have an assortment of timers in stock. They can be used to switch lights and electrical appliances on / off automatically to make it look as though your home is occupied when it is unattended. Easy to operate and highly versatile, they are a low cost burglary prevention device.

MIRROR (£1.35)

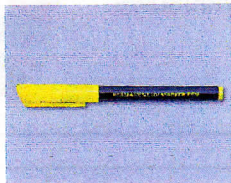

The mirror enables you to see the caller at your door, whilst using a door chain or door restrictor.

PURSE CHAIN (FREE OF CHARGE)

The purse chain is available as a 'metal chain' or a 'fabric lanyard', and when used helps prevent bag dipping by securing valuable items to bags or clothing. Secure one end to a zip on your purse and the other end to a fitting inside/on your handbag.

UV MARKER PEN (FREE OF CHARGE)

Permanently mark your valuables with your Postcode and house number, by using this pen which contains a clear UV ink which shows up under UV light. By doing this it makes items easier to identify should they be stolen and recovered, and harder for thieves to sell.

NO COLD CALLER SIGN (FREE OF CHARGE)

A Non-Adhesive window cling sign which helps to prevent unwanted callers at your door.

LAPEL BADGE (£1)

This round badge carries the Neighbourhood Watch logo and is available to Coordinators and Deputies of active Watch Schemes.
